New Source Review newspaper advertisements for construction permit applications, March 4, 2004. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: March 2, March 3, or March 4, 2004. Public notices are generally published every two weeks. The previous publication of public notices was February 17 - 19, 2004.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>Rinker Materials South Central</u>, <u>Inc.</u> with a mailing address of <u>P.O. Box 2389</u>, <u>Knoxville</u>, <u>TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>05-0115-01/56997</u>) for construction of a <u>Transit Mix Concrete Batch Plant</u> at <u>547 National Drive</u>, <u>Rockford</u>, <u>TN 37853</u>. This proposed operation would consist of storage bins and silos, weigh hoppers, conveying equipment, and storage piles. A baghouse and wet suppression would be used for pollution control of particulates (TSP). There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. T. Blake is the assigned Division person.

For the Blount County "Maryville Daily Times"--published once on or before Thursday, March 4, 2004.

FIRST APPLICANT

The first applicant is <u>United Knitting, LP</u> with a mailing address of <u>310 Industrial Drive SW, Cleveland, TN</u> <u>37311</u>. They seek to obtain an air contaminant permit (Division identification number: <u>06-0180-09/56910</u>) for modification of a <u>Dyeing Operation</u> located at <u>the same address</u>. The proposed modification is to add three (3) dye machines, for a total of fifteen (15). Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. R. Simmons is the assigned Division person.

SECOND APPLICANT

The second applicant is <u>Vulcan Construction Materials</u>, <u>L.P.</u> with a mailing address of <u>P.O. Box 7</u>, <u>Knoxville</u>, <u>TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>06-0108-03/57119</u>) for construction of a <u>Recycle Asphalt Crushing Operation with Diesel-powered Electric Generator</u> at <u>3854 Bates</u> Pike, Cleveland, <u>TN 37312</u>. The proposed recycle asphalt crushing operation would consist of a crusher,

Air Pollution Control mar0404-web.doc 1

feeder, bin, conveyor, and generator and would be used to crush recycle asphalt. The proposed electric generator would be driven by a 250 hp internal combustion engine, and would be used to supply power to the recycle asphalt crushing operation. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Bradley County "Cleveland Daily Banner"--published once on or before Thursday, March 4, 2004.

The applicant is <u>Wally Mo Trailers, Inc.</u> with a mailing address of <u>121 McMurry Road, Parsons, TN 38363</u>. They seek to obtain an air contaminant permit (Division identification number: <u>20-0051-01/57056</u>) for construction of a <u>Surface Coating Operation</u> at <u>the same address</u>. The proposed operation would consist of a spray paint booth and associated equipment used to coat auto hauling car trailers. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Smith is the assigned Division person.

For the Decatur County "News Leader"--published once on or before Thursday, March 4, 2004.

The applicant is Memorial Crematory LLC, a subsidiary of Taylor Funeral Home, Inc. with a mailing address of P.O. Box 160, Dickson, TN 37055. They seek to obtain air contaminant permits for construction of air contaminant sources at 3230 Hwy 70 East, Burns, TN 37029, as follows:

- (1) <u>Animal Crematory</u> (Division identification number: <u>22-0113-01/57043</u>). This proposed operation would consist of an incinerator used to cremate small animal remains. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Simmons is the assigned Division person.
- (2) <u>Human Crematory</u> (Division identification number: <u>22-0113-02/57044</u>). This proposed operation would consist of an incinerator used to cremate human remains. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Simmons is the assigned Division person.

For the Dickson County "Dickson Herald"--published once on or before Thursday, March 4, 2004.

The applicant is <u>INTERMET - Pulaski Plant</u> with a mailing address of <u>450 Bennett Drive</u>, <u>Pulaski</u>, <u>TN 38478</u>. They seek to obtain an air contaminant permit (Division identification number: <u>28-0075-05/57079</u>) for construction of an <u>Aluminum Melting and Holding Furnace</u> at <u>the same address</u>. This proposed operation would consist of a natural gas fired furnace used to melt aluminum ingots and scrap. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Smith is the assigned Division person.

For the Giles County "Pulaski Citizen"--published once on or before Thursday, March 4, 2004.

The applicant is <u>Riverbend Construction Materials</u> with a mailing address of <u>8831 Grand Slam Drive</u>, <u>Suite 303</u>, <u>Memphis</u>, <u>TN 38125</u>. They seek to obtain an air contaminant permit (Division identification number: <u>29-0039-01/57049</u>) for construction of a <u>Crushed Stone Production Plant</u> on <u>Highway 92</u>, <u>Jefferson City</u>, <u>TN 37760</u>. This proposed operation would consist of crushers, screens, feeders, and conveyors used for the production of Air Pollution Control mar0404-web.doc 2

crushed stone. Wet suppression would be used for pollution control of particulates (TSP). There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. M. Wyatt is the assigned Division person.

For the "Grainger County News"--published once on or before Thursday, March 4, 2004.

The applicant is <u>S & S Traffic</u> with a mailing address of <u>217 Bellview Road, Taft, TN 38488</u>. They seek to obtain an air contaminant permit (Division identification number: <u>52-0084-01/57032</u>) for construction of a <u>Portable Drum Mix Asphalt Plant</u> at <u>the same address</u>. This proposed operation would consist of an ADM-SPL 30 ton portable asphalt plant with aggregate piles, conveyors, asphalt cement storage, and associated equipment used to produce hot mix asphalt. No. 2 fuel oil would be used as fuel for this operation. An environmental wet wash system would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Smith is the assigned Division person.

For the Lincoln County "Elk Valley Times"--published once on or before Thursday, March 4, 2004.

The applicant is <u>Click Funeral Home, Inc.</u> with a mailing address of <u>102</u> 'B' <u>Street, Lenoir City, TN 37771</u>. They seek to obtain an air contaminant permit (Division identification number: <u>53-0116-01/56984</u>) for construction of a <u>Human Crematory</u> at <u>the same address</u>. This proposed operation would consist of a natural gas fired incinerator used for the cremation of human remains. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. M. Wyatt is the assigned Division person.

For the Loudon County "News-Herald"--published once on or before Thursday, March 4, 2004.

The applicant is <u>Spontex</u>, <u>Inc.</u> with a mailing address of <u>100 Spontex Drive</u>, <u>Columbia</u>, <u>TN 38401</u>. They seek to obtain an air contaminant permit (Division identification number: <u>60-0012-04/56919</u>) for construction of a <u>Catalytic Oxidizer</u> at <u>the same address</u>. This proposed operation would consist of a catalytic oxidizer for the control of carbon disulfide and hydrogen sulfide emissions from a cellulose sponge production operation. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Swinea is the assigned Division person.

For the Maury County "Daily Herald"--published once on or before Thursday, March 4, 2004.

The applicant is MW/MB, LLC with a mailing address of 600-14th Street, Washington, DC 20005. They seek to obtain an air contaminant permit (Division identification number: 63-0177-01/57118) for construction of a Fiberglass Manufacturing Operation at a location off of International Boulevard at the Industrial Park in Clarksville, TN 37041. This proposed operation would consist of raw material handling, fiberglass melting, and associated operations. The primary energy source will be electricity with gas and number 2 fuel oil as additional sources. A dust collector and a fluidized bed collector would be used for pollution control of the glass recycling system. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. T. S. Reddy is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"--published once on or before Thursday, March 4, 2004.

Air Pollution Control mar0404-web.doc 3

The applicant is <u>Southern Concrete Products</u>, <u>Inc.</u> with a mailing address of <u>86 United Drive</u>, <u>Jackson</u>, <u>TN 38305</u>. They seek to obtain an air contaminant permit (Division identification number: <u>66-0121-01/56927</u>) to modify a <u>Concrete Batch Mix Operation</u> located at <u>112 Barham Road</u>, <u>Union City</u>, <u>TN 38261</u>. This existing operation consists of cement receiving equipment, storage piles, weigh-batcher, cement storage silos, and associated equipment and materials for producing concrete mix. A fabric filter is used for pollution control of the silo vent. The proposed modification is to increase the allowable emissions due to the addition of a new operation. There would be physical construction. Regulated air contaminants emitted from this source would increase. Mr. R. Benjamin is the assigned Division person.

For the Obion County "Union City Daily Messenger"--published once on or before Thursday, March 4, 2004.

The applicant is <u>Fixtur-World, Inc.</u> with a mailing address of <u>P.O. Box 60, Baxter, TN 38544</u>. They seek to obtain an air contaminant permit (Division identification number: <u>71-0165-01/56976</u>) for a <u>Woodworking and Surface Coating Operation</u> located at <u>1555 Interstate Drive, Cookeville, TN 38501</u>. This existing source consists of woodworking equipment, one (1) spray booth, and an adhesive hand spraying process. A cyclone is used for pollution control of the woodworking operation, and fabric filters are used for control of the coating operation. This source was previously permitted, but has not been in use. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Attar is the assigned Division person.

For the Putnam County "Cookeville Herald-Citizen"--published once on or before Thursday, March 4, 2004.

The applicant is <u>Eastman Chemical Company</u> with a mailing address of <u>P.O. Box 511, Kingsport, TN 37662</u>. They seek to obtain an air contaminant permit (Division identification number: <u>82-1011-12/57093</u>) for modification of a <u>Specialty Chemical Production Process</u> located on <u>South Eastman Road, Kingsport, TN 37662</u>. This existing operation consists of general-purpose batch equipment used in the production of organic specialty chemicals. Wet scrubbers are used for pollution control. The requested modification is to increase allowable nitrogen oxide (NO_x) emissions. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Trimmer is the assigned Division person.

For the Sullivan County "Kingsport Times-News"--published once on or before Thursday, March 4, 2004.
